(2015/C 192/03)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union and repealing Council Regulation (EC, Euratom) No 1605/2002 (1) and, in particular, Article 84 thereof,

Whereas:

(1) Regulation (EC) No 882/2004 (3) lays down general rules for the performance of official controls to verify compliance with rules aiming, in particular, at preventing, eliminating or reducing to acceptable levels risks to humans and animals and guaranteeing fair practices in feed and food trade and protecting consumer interests. Article 51 of that Regulation provides that the Commission may organise training courses for the staff of the competent authorities of Member States responsible for the official controls referred to in that Regulation, which may be opened to participants from third countries, in particular developing countries. Those courses may include, in particular, training on European Union feed and food law and animal health and animal welfare rules.

(2) Article 2(1)(i) of Directive 2000/29/EC (4) provides the legal basis for organising courses in the field of plant health.

(3) The ‘Better Training for Safer Food’ Programme has been established by the Commission in 2006 in order to achieve the aims set out in Regulation (EC) No 882/2004. The Commission Communication of 20 September 2006 on ‘Better training for safer food’ (5) explores options for future organisation of training.

(4) Regulation (EU) No 652/2014 establishes provisions for the management of expenditure from the general budget of the European Union in the fields governing food and feed safety, animal health and welfare and plant health rules. Article 31 provides that the Union may finance the training of the staff of the competent authorities responsible for official controls, as referred to in Article 51 of Regulation (EC) No 882/2004, in order to develop a harmonised approach to official controls and other official activities to ensure a high level of protection of human, animal and plant health. In order to ensure implementation of the ‘Better Training for Safer Food’ Programme in Member States it is necessary to adopt a financing decision and the work programme on training in the field of food and feed safety, animal health, animal welfare and plant health for 2015.
