COMMISSION IMPLEMENTING DECISION  
of 26 March 2019  
on the financing of the ‘Better Training for Safer Food’ programme and the adoption of the work programme for 2019  
(2019/C 117/03)  

THE EUROPEAN COMMISSION,  

Having regard to the Treaty on the Functioning of the European Union,  

Whereas:  

(1) Regulation (EC) No 882/2004 of the European Parliament and the Council (3), which lays down general rules for the performance of official controls, allows the Commission to organise training courses for the staff of the competent authorities of Member States responsible for the official controls concerned, which may also be opened to participants from third countries, in particular developing countries. Those courses may include, in particular, training on European Union feed and food law and animal health and animal welfare rules.  

(3) The ‘Better Training for Safer Food’ Programme (5) has been established by the Commission in 2006 in order to achieve the aims set out in Regulation (EC) No 882/2004. The Commission Communication of 20 September 2006 on ‘Better training for safer food’ explains the need for better training in relation to feed and food, animal and plant health and explores options for the future organisation of training activities.  

(4) Regulation (EU) No 652/2014 establishes provisions for the management of expenditure from the general budget of the European Union in the fields governing food and feed safety, animal health and welfare and plant health rules. Article 31 of that Regulation provides that the Union may finance the training of the staff of the competent authorities responsible for official controls in order to develop a harmonised approach to official controls and other official activities to ensure a high level of protection of human, animal and plant health.  

(5) In order to ensure the implementation of the ‘Better Training for Safer Food’ Programme, it is necessary to adopt an annual financing decision, which constitutes the annual work programme on training in the field of food and feed safety, animal health, animal welfare and plant health for 2019. Article 110 of Regulation (EU, Euratom) 2018/1046 (‘the Financial Regulation’) establishes detailed rules on financing decisions.  

The ‘Consumers, Health, Agriculture and Food Executive Agency’ (‘the Agency’), established by Commission Implementing Decision 2013/770/EU (1), should be entrusted with management and programme implementation tasks relating to the food safety training measures performed pursuant to Regulation (EC) No 882/2004 and Directive 2000/29/EC.

It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of the Financial Regulation.

In order to allow for flexibility in the implementation of the work programme, it is appropriate to allow changes which should not be considered substantial for the purposes of Article 110(5) of the Financial Regulation.

The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS DECIDED AS FOLLOWS:

Article 1

The work programme

The annual financing decision, constituting the annual work programme for the implementation of the ‘Better Training for Safer Food’ Programme for the year 2019, as set out in the Annex, is adopted.

Article 2

Union contribution

The maximum Union contribution for the implementation of the programme for 2019 is set at EUR 18 000 000 and shall be financed from the appropriations entered in budget line 17 04 03 of the general budget of the Union.

The appropriations provided for in the first paragraph may also cover interest due for late payment.

Article 3

Flexibility clause

Cumulated changes to the allocations to specific actions not exceeding 20 % of the maximum Union contribution set out in the first paragraph of Article 2 of this Decision shall not be considered to be substantial for the purposes of Article 110(5) of the Financial Regulation, where those changes do not significantly affect the nature of the actions and the objective of the work programme. The increase of the maximum Union contribution set in the first paragraph of Article 2 of this Decision shall not exceed 20 %.

The authorising officer responsible may apply the changes referred to in the first paragraph. Those changes shall be applied in accordance with the principles of sound financial management and proportionality.

Done at Brussels, 26 March 2019.

OPERATIONAL OBJECTIVES PURSUED

The operational objectives pursued are to develop, organise and manage the training programmes in the identified areas in order to ensure high level of competence amongst control staff, make official controls more uniform, objective and efficient throughout the Union and contribute to a greater uniformity of control procedures between EU and non-EU partners.

EXPECTED RESULTS

The results, as expected by the Commission, are as follows:

(a) improve the awareness and knowledge of control staff in the identified training areas;
(b) provide for a common understanding of the current Union provisions and tools relating to official controls in the identified training areas;
(c) disseminate best practices for official controls in the identified training areas;
(d) favour exchange of experience in order to increase the level of expertise and harmonisation in the approach to official controls in the identified training areas;
(e) improve preparedness and management capacities of official authorities to crisis in animals, food and plants.
IMPLEMENTATION

EUR 18 000 000 (financing of food safety measures under Regulation (EC) No 882/2004 and Directive 2000/29/EC) will be managed and implemented by the Consumer, Health, Agriculture and Food Executive Agency (Implementing Decision 2013/770/EU).
